

# Akwadek™

**Main function:**

- Hygienic anti-slip matting for wet areas .
- Design permits water to flow freely, so matting stays drier than surrounding area
- Helps to minimize slips and falls
- Anti-bacterially treated PVC prevents growth of fungi or bacteria, provides resistance to mildew, fungus and odours in the mat.
- Prevents the growth of micro-organisms
- Anti-slip base improves safety.
- Pleasantly soft and warm under bare feet.
- Easy to install and relocate.

**Recommended Uses:**

- Heavy Use - swimming pools, shower areas and changing rooms.
